

SJK *Weddings*

It all starts when you are a mere child. When you cannot yet afford to buy a veil and instead use a pillowcase and an old curtain from your grandmother's attic. When instead of a knight in his shining armour there is a puppet waiting for you at the end of the room. But the dream is there – of you and the white dress and the flowers and the prince. At SJK WEDDINGS we make those dreams come true.

A boutique wedding planning consultancy for bespoke and elegant wedding designs and management services, at SJK WEDDINGS we make luxury and style affordable and deliver a unique wedding experience for our clients.

With over 5 years experience in the event industry, Sophie J Khinch appreciates that each wedding or special occasion is different and that it needs a unique approach to planning. Regardless of whether you want a large, extravagant affair or a smaller, more low-key event, we will ensure that originality and quality are guaranteed, helping to make a lifelong memory from a single day. With weddings, personalized features are even more important and this is why Sophie J Khinch

dedicates herself wholeheartedly to every wedding which she agrees to plan.

From the very first meeting until the big day itself, Sophie will be with you every step of the way, alleviating the pressure often associated with these events and allowing you to simply enjoy the experience.

Providing a personal service allows our clients to create their special day their way. SJK WEDDINGS is a bespoke wedding planning service moulding style, uniqueness and flexibility into making any brides dreams come true, whether it's a Downton-inspired location or deco styling, decadence is what SJK WEDDINGS is all about.

SJK Weddings sends a special thank you to
Your London Florist – www.yourlondonflorist.co.uk and to
Peter Lane Photography - www.peterlanephoto.com
for their wonderful work and support.
